COMPANY PROFILE

V.N. Group of Industries is a technology-driven engineering company specializing in design, manufacturing and integration of high-quality machinery and complete processing plant solutions for food, agricultural and allied industries. We combine process knowledge, engineering excellence and practical experience to deliver robust, efficient and reliable solutions tailored to customer needs.

WHO WE ARE

We are engineers, problem-solvers and manufacturers committed to building practical, durable and performance-oriented processing systems that add value to our customers' businesses.

WHAT WE DO

- ✓ Design and engineering of processing systems
- ✓ Manufacturing of high-quality machinery
- ✓ Integration of complete processing lines
- ✓ Installation, commissioning and training
- ✓ After-sales service and long-term support

OUR CORE STRENGTHS

PROCESS EXPERTISE

Deep understanding of processing technologies and industry requirements.

CUSTOM ENGINEERING

Tailored solutions designed for optimal performance and efficiency.

IN-HOUSE MANUFACTURING

Precision fabrication ensuring quality, consistency and reliability.

COMPLETE INTEGRATION

End-to-end integration of machinery, utilities and control systems.

SUPPORT & SERVICE

Responsive after-sales support for smooth operations and long equipment life.

PARTNERSHIP APPROACH

We grow together with our customers as their long-term engineering partner.

INDUSTRIES WE SERVE

CEREAL, GRAIN & MILLET

PULSES & DAL MILLS

OILSEED PROCESSING

SPICE PROCESSING

FRUIT & VEGETABLE PROCESSING

DAIRY PROCESSING

BEVERAGE PROCESSING

MEAT & POULTRY PROCESSING

APPLICATIONS / WHY CHOOSE VN GROUP

- ✓ Complete processing solutions from raw grain to packed product
- ✓ Custom capacity options to suit diverse requirements
- ✓ Robust and durable construction for long life
- ✓ Efficient handling systems for maximum productivity
- ✓ Professional execution with quality assurance
- ✓ End-to-end support from concept to commissioning

04 — PULSES & DAL PROCESSING

CLEAN | PROCESS | SPLIT | POLISH | GRADE | PACKAGE

Complete range of machines for cleaning, dehusking, splitting, polishing and grading pulses into premium quality dal with high recovery, purity and efficiency.

APPLICATIONS

- Chana Dal (Bengal Gram)
- Tur Dal (Pigeon Pea)
- Moong Dal (Green Gram)
- Urad Dal (Black Gram)
- Masoor Dal (Lentil)
- Matar Dal (Peas)
- Other Pulses

PROCESS FLOW

OUR MACHINERY RANGE

Pulse Cleaner

Removes dust, chaff and light impurities.

Destoner

Separates stones and heavy impurities.

Pulse Grader

Grades pulses by size for uniform quality.

Dal Mill / Dehusker-Splitter
Dehusks and splits pulses efficiently.

Dal Polisher

Polishes dal for better finish and appearance.

Vibro Shifter

Separates fines and ensures consistent sizing.

Dal Grader

Final grading for uniform dal quality.

Pneumatic Conveyor / Aspiration System

Conveys material and removes dust for clean operations.

Weighing & Packing Machine

Accurate weighing and hygienic packing.

KEY FEATURES

High cleaning efficiency

Low breakage & higher recovery

High output capacity

Low power consumption

Easy operation & maintenance

Robust construction & long life

MEAT & POULTRY PROCESSING

Complete Solutions for Processing to Packaging

OVERVIEW

V.N. Group delivers advanced machinery and integrated processing solutions for meat and poultry plants. Our systems are engineered for hygiene, efficiency and product quality across every stage — from primary processing to value-added products and packaging.

We support fresh meat, marinated products, sausages, ready-to-cook items and poultry processing operations with reliable equipment and complete process integration.

MEAT & POULTRY APPLICATIONS

- ✓ Fresh Meat
- ✓ Minced Meat

OVERVIEW

VN Group of Industries offers complete sugarcane and jaggery processing solutions from cane crushing to packaging. Our machinery ensures efficient juice extraction, filtration, clarification, evaporation, cooling, moulding and value addition for consistent quality, higher yield and reliable performance.

SUGARCANE PRODUCTS WE PROCESS

- ▶ Sugarcane
- ▶ Jaggery Blocks
- ▶ Jaggery Powder
- ▶ Jaggery Cubes
- ▶ Liquid Jaggery (Kakvi)
- ▶ Value-added Jaggery Products

KEY MACHINERY

1. Sugarcane Crusher

2. Cane Carrier / Feeding Conveyor

3. Juice Collection Tank

4. Juice Filtration Unit

5. Clarification Tank

6. Boiling Pan / Evaporation System

7. Cooling Table / Cooling Tray

SCREW CONVEYOR

- Enclosed / Trough type
- Capacity: 5-80 TPH
- Length: Customized

CHAIN CONVEYOR

- Heavy duty
- For grain & seeds
- Capacity: 5-60 TPH

STORAGE SILO / BIN

- MS / SS Construction
- Capacities: 10 MT to 2000 MT

PNEUMATIC CONVEYING

- Dense / Dilute Phase
- Low maintenance
- Capacity: 2-60 TPH

HOPPER & BINS

- MS / SS Construction
- Capacities: 500 kg to 50 MT

WEIGHING & BATCHING SYSTEM

- Accurate & Reliable
- PLC based
- Customizable

MATERIALS WE HANDLE

Grains

Pulses

Oilseeds

Spices

Flours

Rice

Powders

Pellets

OUR BENEFITS

- High Efficiency & Reliability
- Low Power Consumption
- Minimum Product Damage
- Safe & Hygienic Handling
- Robust Construction & Long Life
- Easy Operation & Maintenance
- Customized Solutions Available

APPLICATIONS

- Food Processing Plants
- Agro Based Industries
- Flour & Rice Mills
- Oil Mills & Feed Plants
- Warehousing & Storage
- Export & Bulk Handling

VN Group provides a comprehensive range of mixing and thermal processing equipment for food, agro, and allied industries.

Our systems ensure excellent mixing, uniform heating, precise temperature control, energy efficiency and consistent product quality.

SOLUTIONS WE OFFER

- Mixing & Blending Equipment
- Cooking & Heating Systems
- Pasteurization Systems
- Sterilization Systems
- Evaporation Systems
- Continuous & Batch Solutions
- Customized Turnkey Systems

OUR MIXING & THERMAL PROCESSING SOLUTIONS

Ribbon Blender

Double Cone Blender

Planetary Mixer

Jacketed Vessel

Steam Jacketed
Kettle

Scraped Surface
Heat Exchanger

Plate Heat
Exchanger

Holding / Balance
Tank

TYPICAL MIXING & THERMAL PROCESSING FLOW

Raw Material
Intake

Weighing &
Dosing

Mixing /
Blending

Heating /
Cooking

Pasteurization /
Sterilization

Heat
Exchanger

Holding
Tank

Filling /
Packaging

KEY MACHINERY DETAILS

RIBBON BLENDER

- Capacity: 50 – 5000 L
- Mild Steel / SS Construction
- High Mixing Efficiency
- Suitable for Powders & Granules

JACKETED KETTLE

- Capacity: 50 – 2000 L
- Steam / Electric / Thermal Oil
- Tilting / Fixed Type
- Ideal for Cooking & Concentration

PLANETARY MIXER

- Capacity: 10 – 500 L
- Planetary Agitator with Scraper
- Uniform Mixing
- For Creams, Sauces, Pastes

SCRAPED SURFACE HEAT EXCHANGER

- High Heat Transfer Coefficient
- Self Cleaning Scraped Surface
- Suitable for Viscous Products
- Product Friendly

PASTEURIZATION UNIT

- HTST / LTLT Options
- Plate / Tubular Type
- Accurate Temperature Control
- For Juices, Milk, Beverages, etc.

EVAPORATOR SYSTEM

- Single / Multiple Effect
- Vacuum Evaporation
- Energy Efficient
- For Concentration & Solids Recovery

CONTROL PANEL

- PLC Based Automation
- HMI / SCADA Interface
- Temperature & Process Control
- Safety Interlocks

PRODUCTS WE PROCESS

Sauces & Ketchup

Dairy Products

Fruits & Vegetables

Beverages

Jams & Spreads

Pharma &
Nutraceuticals

Confectionery

Ready to Eat

OUR BENEFITS

- Uniform Mixing & Heating
- Precise Temperature Control
- Energy Efficient Systems
- Hygienic & Easy to Clean
- High Productivity & Reliability
- Custom Built Solutions
- Low Maintenance & Long Life

APPLICATIONS

Food Processing Industry

Dairy Industry

Beverage Industry

Pharmaceutical Industry

Chemical & Cosmetic Industry

Agro & Allied Industries

WHY VN GROUP?

Engineering Excellence

High Quality Construction

Advanced Technology

Timely Delivery

After Sales Support

MANUFACTURING SOLUTIONS**24**

PACKAGING & FILLING MACHINERY

Complete Solutions from Pack to Performance

VN Group offers a wide range of packaging and filling machinery for powders, granules, liquids, pastes and solids. Our machines ensure accurate filling, product safety, high speed, and hygienic packaging with minimum wastage and maintenance.

SOLUTIONS WE OFFER

- Filling Machines (Weighing / Volumetric)
- Pouch Packaging Machines
- Bottle & Jar Filling Machines
- Capping & Sealing Machines
- Shrink Wrapping & Cartoning
- Labeling & Coding Machines
- Customized Packaging Lines

OUR PACKAGING & FILLING MACHINERY RANGE

**Auger Filler
(For Powder)****Multi Head
Weigher****Vertical Form Fill
Seal Machine****Horizontal Flow Wrap
Machine****Liquid Filling
Machine****Ropp / Screw
Capping Machine****Automatic Labeling
Machine**

TYPICAL PACKAGING & FILLING PROCESS FLOW

**Raw Material
Input****Weighing /
Dosing****Pouch / Bottle
Filling****Capping /
Sealing****Labeling /
Coding****Shrink Wrapping
(Optional)****Packed Product
Output**

KEY MACHINERY DETAILS

AUGER FILLER

- Accuracy: $\pm 1 - 2\%$
- Filling Range: 10 g – 5 kg
- For Powder & Granules
- Easy changeover

VERTICAL FFS MACHINE

- Pouch Type: 3 Side / 4 Side / Center Seal
- Speed: 20 – 80 Pouches/min
- For Powder, Granules & Small Solids

LIQUID FILLING MACHINE

- Filling Range: 50 ml – 5 Ltr
- Accuracy: $\pm 0.5 - 1\%$
- Suitable for Liquids, Syrups, Oils & Sauces

CAPPING MACHINE

- Cap Type: ROPP / Screw / Press
- Speed: 20 – 100 BPM
- Compatible with Various Bottle Sizes

LABELING MACHINE

- Label Type: Sticker / Wrap Around
- Speed: 40 – 200 BPM
- High Accuracy & Smooth Operation

SHRINK WRAPPING MACHINE

- Speed: 10 – 30 Packs/min
- Film: PVC / POF
- Perfect Finish & Tamper Proof Packing

CONTROL PANEL

- PLC Based Control
- HMI / Touch Screen
- Easy Operation & Monitoring
- Safety Interlocks

PACKAGING SOLUTIONS FOR

**Spices & Masala****Flours & Powders****Pulses & Grains****Oils & Liquids****Paste & Sauces****Snacks & Dry Fruits**

OUR BENEFITS

- High Accuracy & Consistency
- High Speed & Productivity
- Low Wastage & Maintenance
- Hygienic & Safe Packaging
- Versatile & Easy Changeover
- Energy Efficient Machines
- Complete Turnkey Solutions

SUITABLE PACKAGING

**Pouches****Bottles & Jars****Sachets****Cans & Tins****Stand up Pouches****Bags**

APPLICATIONS

- Food Processing Industry
- Spice & Masala Industry
- Dairy & Beverage Industry
- Pharmaceutical Industry
- Chemical & Cosmetic Industry
- Agro & Allied Industries

VN Group designs and manufactures a wide range of agricultural and post-harvest machinery that help farmers and agri-businesses improve productivity, reduce losses and add value. Our machines are robust, efficient, easy to operate and suitable for Indian conditions.

SOLUTIONS WE OFFER

- Land Preparation Equipment
- Planting & Sowing Equipment
- Crop Care & Protection Equipment
- Harvesting Equipment
- Post-Harvest Handling Equipment
- Cleaning, Grading & Sorting Equipment
- Drying & Storage Solutions
- Value Addition & Processing Equipment
- Customized Agricultural Solutions

OUR AGRICULTURAL & POST-HARVEST MACHINERY RANGE

TYPICAL POST-HARVEST PROCESS FLOW

KEY MACHINERY DETAILS

MULTI CROP THRESHER	CLEANER - GRADER	GRAIN DRYER	STORAGE SILO	VEGETABLE WASHER & GRADER	PULVERIZER / HAMMER MILL
 - Capacity: 1 – 1.5 TPH - Suitable for: Wheat, Paddy, Soybean, Gram, etc. - Power: 25 – 35 HP - High threshing efficiency - Low grain damage	 - Capacity: 1 – 3 TPH - Aspiration & Sieving System - Grading by Size - High cleaning efficiency - Low power consumption	 - Type: Batch / Continuous - Capacity: 1 – 5 TPH - Fuel: Biomass / Diesel / Electric - Uniform drying - Moisture control	 - Capacity: 5 – 500 MT - Material: GI / SS - Hopper bottom / Flat bottom - Aeration system available - Safe & long term storage	 - Capacity: 500 – 2000 kg/hr - Bubble washing system - Grading by roller / belt - SS 304 Contact Parts - Ideal for vegetables & fruits	 - Capacity: 30 – 1000 kg/hr - Multiple screen sizes - Suitable for spices, grains, feed, etc. - High efficiency & durable

CROPS WE SERVE

OUR BENEFITS

- High Productivity
- Low Post-Harvest Losses
- Fuel & Energy Efficient
- Easy Operation & Maintenance
- Robust Construction
- Customizable Solutions
- After Sales Support

APPLICATIONS

- Farmers & FPOs
- Agri-Service Centers
- Grain & Seed Processors
- Cold Storage & Warehouses
- Government & NGO Projects
- Agri Export Units
- Food Processing Industry

WHY VN GROUP?

- 25+ Years of Engineering Excellence
- In-house Design & Manufacturing
- Quality Tested Machines
- Pan India Service Network
- Competitive Pricing
- Timely Delivery
- Turnkey Project Solutions

V.N. GROUP

— OF INDUSTRIES —

PRECISION ENGINEERING &
MANUFACTURING SOLUTIONS

26

SPECIAL PURPOSE & CUSTOM MACHINERY

— ENGINEERED TO SOLVE. BUILT TO PERFORM. —

At VN Group, we design and manufacture special purpose and custom-built machines tailored to unique process requirements. From concept to commissioning, we deliver innovative, reliable and efficient machinery that enhances productivity and ensures operational excellence.

SOLUTIONS WE OFFER

- Custom Design & Engineering
- Special Purpose Machinery
- Process Handling Equipment
- Automation & Integration
- Retrofit & Performance Upgrades
- Prototyping & Pilot Plant Machinery
- Research & Development Support
- Turnkey Project Solutions

OUR SPECIAL PURPOSE & CUSTOM MACHINERY RANGE

Custom Mixer / Blender

Ribbon Blender

Screw Feeder
with Hopper

Vacuum
Conveyor System

Continuous
Roaster

Multi Stage
Dryer

Cooling Spiral
Conveyor

Batch Cooking
System

CUSTOM MACHINERY – DESIGNED TO MEET YOUR UNIQUE NEEDS

MIXING & BLENDING SYSTEMS

Custom built mixers for powders, granules, pastes and slurries with precise homogeneity.

- Sigma Mixer
- Ploughshare Mixer
- High Shear Mixer

CONVEYING & HANDLING SYSTEMS

Tailor-made conveying solutions for gentle and efficient material handling.

- Screw Conveyor
- Bucket Elevator
- Vacuum Conveyor

HEATING, COOLING & THERMAL SYSTEMS

Custom thermal equipment for heating, cooling, roasting, sterilizing and pasteurizing.

- Steam Jacketed Unit
- Heat Exchanger
- Roasting System

PROCESSING & TRANSFORMATION EQUIPMENT

Machines designed for size reduction, separation, extraction and more.

- Pulverizer / Mill
- Decanter / Separator
- Extraction Unit

WEIGHING, DOSING & FEEDING SYSTEMS

Accurate dosing and weighing systems for consistent product quality.

- Weigh Feeder
- Loss-in-Weight Feeder
- Volumetric Doser

AUTOMATION & CONTROL SYSTEMS

Smart automation for improved process control, safety and data-driven operations.

- PLC / HMI Based Control
- SCADA Integration
- Custom Control Panel

PILOT PLANT & R&D MACHINERY

Pilot-scale machines for testing, trials, and research & development.

- Pilot Dryer
- Pilot Reactor
- Lab Scale System

INDUSTRIES WE SERVE

Food Processing

Dairy & Beverage

Spices & Masala

Pharmaceuticals

Agro & Seeds

Chemical & Cosmetic

Biomass & Energy

Research & Institutes

OUR CAPABILITIES

- In-house Design & Engineering
- 3D Modeling & Simulation
- Precision Manufacturing
- Quality Assurance & Testing
- Installation & Commissioning
- After Sales Service & Support
- Customization to Your Process

WHY VN GROUP?

- 25+ Years of Engineering Excellence
- Customized & Innovative Solutions
- High Quality & Reliable Performance
- Competitive Pricing
- Timely Delivery
- Complete Turnkey Support

VN Group delivers fully integrated complete processing plants for food, agro, and allied industries. From raw material handling to final packaging, we provide tailored solutions with advanced technology, high efficiency and unmatched reliability.

OUR COMPLETE PLANT SOLUTIONS

- ✓ Customized Plant Design & Engineering
- ✓ Equipment Manufacturing & Supply
- ✓ Installation, Erection & Commissioning
- ✓ Automation & Control Systems
- ✓ Process Optimization & Energy Efficiency
- ✓ Training, Documentation & SOPs
- ✓ After Sales Service & AMC Support

TYPICAL COMPLETE PROCESSING PLANT FLOW

1. RAW MATERIAL
HANDLING & STORAGE

2. CLEANING &
GRADING

3. PROCESSING
COOKING / EXTRACTION

4. CONCENTRATION /
DRYING

5. PACKAGING &
CODING

6. STORAGE &
DISPATCH

OUR COMPLETE PLANT SOLUTIONS – EXAMPLES

DAL MILL PLANT

- Cleaning & Grading
- Dehusking & Splitting
- Polishing & Separation
- Grading & Packing
- Dust Collection System

Capacity: 1 – 20 TPH

SPICE PROCESSING PLANT

- Cleaning & Sorting
- Grinding
- Blending
- Packing
- Dust Extraction

Capacity: 50 – 2000 kg/hr

FRUIT & VEGETABLE PROCESSING PLANT

- Washing & Sorting
- Pulping / Crushing
- Mixing & Heating
- Filling & Packing
- Cold Storage

Capacity: 100 – 10000 LPH

EDIBLE OIL PROCESSING PLANT

- Seed Cleaning
- Conditioning & Flaking
- Oil Extraction
- Oil Refining
- Filtration & Packing

Capacity: 1 – 100 TPD

MILK PROCESSING PLANT

- Milk Reception
- Pasteurization
- Standardization
- Homogenization
- Packing & Cold Storage

Capacity: 1000 – 50000 LPD

JAGGERY PROCESSING PLANT

- Cane Handling
- Juice Extraction
- Clarification
- Evaporation & Cooking
- Molding / Packing

Capacity: 5 – 50 TPD

INDUSTRIES WE SERVE

Cereals & Grains

Pulses & Dal

Oilseeds

Spices

Fruits & Vegetables

Milk & Dairy

Beverages

Meat & Poultry

Ready to Eat

Bakery &
Confectionery

Biomass &
Bioenergy

Agro & Allied
Industries

OUR KEY BENEFITS

- End-to-End Turnkey Solutions
- Advanced Technology & Automation
- High Efficiency & Low Operating Cost
- Hygienic & Food Grade Construction
- Energy Efficient & Sustainable
- Custom Designed to Your Needs
- On-Time Delivery & Installation
- Comprehensive After Sales Support

WHY CHOOSE VN GROUP?

- 25+ Years of Engineering Excellence
- In-house Design, Manufacturing & Fabrication
- Modern Infrastructure & Skilled Team
- Quality Assured & Reliable Performance
- Pan India Service Network
- Timely Delivery & Commissioning
- Competitive Pricing
- Complete Customer Satisfaction

OUR SUPPORT – FROM CONCEPT TO COMMISSIONING

We deliver complete, customized and reliable processing plants – from initial concept and engineering to manufacturing, installation and long-term support.

One Partner. End-to-End Processing Solutions.

PLANTS WE DELIVER

GRAIN PROCESSING PLANTS

Cleaning, Grading,
Milling & More

DAL & PULSE PROCESSING PLANTS

Cleaning, Splitting,
Polishing & Grading

OILSEED PROCESSING PLANTS

Pre-cleaning, Crushing,
Extraction & Refining

SPICE PROCESSING PLANTS

Cleaning, Grinding,
Blending & Packing

FRUIT & VEGETABLE PROCESSING PLANTS

Washing, Cutting, Pulping,
Dehydration & More

DAIRY PROCESSING PLANTS

Milk Reception, Processing,
Pasteurization & More

BEVERAGE PROCESSING PLANTS

Juice, RTS, Carbonated,
Brewing & More

MEAT & POULTRY PROCESSING PLANTS

Slaughtering, Processing,
Packing & Cold Chain

ANIMAL FEED PLANTS

Grinding, Mixing,
Pelletizing & Packing

JAGGERY PROCESSING PLANTS

Crushing, Boiling, Evaporation,
Moulding & Packing

SEED PROCESSING PLANTS

Cleaning, Grading, Treating,
Packing & More

DEHYDRATION PLANTS

Tray Drying, Spray Drying,
Fluid Bed Drying & More

CUSTOMIZED SOLUTIONS

Tailored to your product,
capacity & goals

ROBUST ENGINEERING

Practical designs for
reliability & efficiency

IN-HOUSE CAPABILITY

Design, fabrication & quality
under one roof

ON-TIME DELIVERY

Professional execution
& timely completion

LONG-TERM PARTNERSHIP

Committed support
beyond commissioning

ONE PARTNER. END-TO-END PROCESSING SOLUTIONS.

ENGINEERING, INSTALLATION & AFTER-SALES SUPPORT

— Engineering Excellence. Reliable Installation. Lifelong Support. —

At VN Group, we go beyond manufacturing. We deliver end-to-end engineering solutions with seamless installation and dependable after-sales support to ensure maximum performance, productivity and peace of mind throughout the life cycle of your plant.

OUR SERVICES

- Process Engineering & Plant Design
- Detailed Engineering & Documentation
- Equipment Manufacturing & Supply
- Installation, Erection & Commissioning
- Testing, Trial Run & Handover
- Training, SOPs & Documentation
- Preventive Maintenance & AMC
- Spare Parts & Quick Support
- Upgrades, Retrofits & Performance Improvement

OUR END-TO-END SOLUTION APPROACH

OUR ENGINEERING & DESIGN CAPABILITIES

INSTALLATION & COMMISSIONING

- Civil & Structural Works
- Equipment Installation & Alignment
- Piping, Electrical & Instrumentation
- Pre-Commissioning Checks
- Performance Testing
- Trial Production
- Optimization & Fine Tuning
- Final Commissioning & Handover

AFTER-SALES SUPPORT & AMC

- 24x7 Technical Support
- Preventive & Breakdown Maintenance
- Annual Maintenance Contracts (AMC)
- Spare Parts Supply
- Equipment Health Check-ups
- Process Upgrades & Retrofits
- Operator Refresher Training
- Performance Improvement Support

WHY CHOOSE VN GROUP?

- In-house Design & Manufacturing
- Skilled & Experienced Team
- Quality Assured & Reliable Systems
- Competitive Pricing
- Timely Delivery & On-Time Support

INDUSTRIES WE SERVE

- Food Processing
- Dairy & Beverage
- Agro & Grains
- Pharmaceutical
- Spices & Herbs
- Chemical & Allied

VALUE WE DELIVER

- High Plant Availability
- Lower Operating Cost
- Long Equipment Life
- Maximum Productivity
- Safe & Compliant Operations
- Total Cost of Ownership Advantage

OUR COMMITMENT

We are committed to building long-term partnerships by delivering reliable solutions, consistent support and continuous value addition to your business.
